

WHICH OF THESE NEUROPATHY SYMPTOMS DO YOU SUFFER FROM?

If you suffer from a single one of these Tortuous Symptoms - Numbness, Tingling, or Sharp Nerve Pain

- THEN THE FACTS BELOW MAY BE THE MOST IMPORTANT YOU HAVE EVER READ IN

your life

Neuropathy affects every part of your life walking, sitting, and even sleeping.

Do You Have Any of the Following Conditions?

- Pins and needles feeling
- Numbness in the hands or feet
- Tingling or burning sensations
- Weakness in the arms or legs
- Sharp shooting or burning pains

Maybe you've had multiple tests, only to find out no one has any idea what you have. Maybe you've even been put on a drug with heavy side effects. My name is Dr. Paul Johnston, owner of Johnston Chiropractic. I've been helping people with neuropathy and nerve problems for more than 34 years. More than 20 million Americans suffer from peripheral neuropathy, a problem caused by damage to the nerves that supply your arms and legs. This painful condition interferes with your body's ability to transmit messages to your muscles, skin, joints, or internal organs. If ignored or mistreated, neuropathy can lead to irreversible health conditions. **Why not get help by those trained to correct the major cause of peripheral neuropathy?** Data from the National Board of Chiropractic Examiners' Job Analysis of Chiropractic lists arm and leg neuropathy as the second most common nerve problem treated by chiropractors. Often neuropathy is caused by a degenerating spine pressing on the nerve roots. This can happen in any of the vertebral joints from the neck all the way down to the tail bone.

The Single Most Important Solution To Your Neuropathy:

By using gentle techniques, I'm able to release the pressure that has built up on the nerve. This allows the nerve to heal and the symptoms to go away. Numerous studies have proven chiropractic's effectiveness in helping nerve conditions...

"Manipulation [chiropractic adjustments], with or without exercise, improved symptoms more than medical care did after both 3 and 12 months." - British Medical Journal

Patients showed an 85.5% resolution of the nerve symptoms after only 9 chiropractic treatments. - Journal of Chiropractic Medicine 2008

With chiropractic care, patients had "significant improvement in perceived comfort and function, nerve conduction and finger sensation overall." - JMPT 1998

"Significant increase in grip strength and normalization of motor and sensory latencies were noted. Orthopedic tests were negative. Symptoms dissipated." - JMPT 1994

What these studies mean is that with chiropractic care, you could soon be enjoying life without those aggravating nerve problems.

Listen to what our patients had to say...

"I was unable to sit for any length of time and my physical life was miserable. My legs were painful to touch and even clothes irritated the sensation. I

compliment Johnston Chiropractic for their personal attention, concern, and care that contributed to the success of the program."

- David Jones

"My name is Branda Latour and i have had diabetic nerve pain for two years. I couldn't stand for very long on my feet.

I saw the Ad in the newspaper and after visiting Dr. Johnston, I am doing so much better!

- Branda Latour

A NON-SURGICAL, NON-INVASIVE NEUROPATHY TREATMENT - NOW AVAILABLE!

The Cold Laser is an outpatient, non-surgical procedure, often used in physical therapy and sports medicine to accelerate the healing process. It offers non-invasive treatment to promote healing for those who suffer from pain in muscles, nerves, and joints, like that associated with chronic pain. This same laser is used by professional sports teams including the New York Yankees and Cincinnati Bengals.

It Promotes Rapid Healing

This pain-free, non-surgical approach works by stimulating the body's natural healing processes, providing pain relief and reducing injury damage. This leading edge technology has an impressive success rate of returning patients to work, sports and competitive activities, as well as everyday life. Patients treated with the Cold Laser often show a higher level of function, both during and after the treatment period. The therapeutic laser provides a tremendous alternative for those facing surgery.

Here's What To Do Now

Call today, 318-687-9671 and we can get you scheduled for your consultation, exam and x-rays as soon as there's an opening. Our office is located at 9141 Walker Rd. in Shreveport, LA, just a few minutes from you. When you call, tell the receptionist you'd like to come in for the Neuropathy Evaluation so we can get you on the schedule and make sure you receive proper credit for this special offer.

**Sincerely,
Paul F. Johnston, D.C.**

P.S. At our office, we have specialized treatment programs for treating patients who suffer from neuropathy. Why suffer with years of misery? That's no way to live, not when there could be an easy solution to your problem. Don't live in pain when we may have the solution you've been looking for all along.

CALL TODAY TO SCHEDULE YOUR \$60 NERVE EVALUATION (\$300 VALUE) Expires May 1, 2015.
